1. This Office Action is in response to Terminal Disclaimer received 2/28/2006.

Claims 1-36 are pending.

**EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

***Allowable Subject Matter***

3. As indicated in the prior Office Action dated 11/23/2005, claims 1-36 (to be renumbered in order) are allowable over prior art.
4. The following is a statement of reasons for the indication of allowable subject matter:

Art Unit: 2191

Regarding independent claim 1, as Applicant has noted on page 11 of Remarks (8/29/2005), last sentence through page 12, first paragraph, Burrows and other cited prior art, taken alone or in combination fail to disclose:

“inserting yield points comprising code to be executed at distinguished locations of a program to be executed, each said yield point indicating a condition sampling operation during execution of said program; during program execution unconditionally executing a yield point instance and, in response to executing said yield point instance, ascertaining a state of said execution environment of indicating whether the condition sampling operation is to be performed” and “when a state of said execution environment indicates a condition for performing said sampling operation, recording relevant information for characterizing behavior of said execution environment, whereby conditional sampling operations performed at unconditionally executed yield points occur at a subset of the executions of yield points.”

These limitations are similarly recited in all other independent claims, claims 15 and 25. Thus, all remaining dependent claims, claims 2-14, 16-24 and 26-36 disclose allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee.

Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Art Unit: 2191

***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
